The urse
Course Description: The Supervisor's Safety Course. This course will help safety professionals meet the requirements outlined in Title 29 Part 1960- Basic Program Elements For Federal Employees Occupational Safety and Health Programs and Related Matters.
End of Course (EOC) Exam Instructions: This is an "open book" exam. You may leave the exam at any time to review any portion of the course and come back by pressing the Continue Later Button. In the exam you will be presented with 15 choice questions. You must answer 12 questions correctly to receive a passing score of 80%. If you do not pass the exam, you will have another opportunity to take the exam after reviewing appropriate material. When you have finished and successfully completed the exam, you will be directed back to this page. When you pass the exam the Course Critique link will be available on the left side of the screen.
Course Critique Instructions: The purpose of the critique is to provide feedback for continuous improvement of the The Supervisor's Safety Course. Please answer all questions presented and provide responses to open-ended questions. Your evaluation is held strictly confidential.
Course Completion: When you have successfully completed the exam and critique, you will be able to print a certificate of completion.
NOTE: You will not be able to print a certificate unless you have passed the exam and also completed the course critique.
